

March 2011

Dear Friends of St. Boniface,

This year marks the **27th anniversary of the Bonifest** which will take place **Friday and Saturday, May 27 & 28** at the St. Boniface Catholic Church campus. St. Boniface is located at the highly visible intersection of Vandalia and Buchanan, in Edwardsville. This major community event will be the kick-off to summer with festival **activities that include the 12th Annual 5k Run for Bonifest, carnival rides, food, drinks and great music!**

Also returning this year will be the very **successful “Main Stage” venue that will host non-stop music from several crowd drawing bands in the St. Louis area. Thousands of people will pass through** the parish campus over the two day period for the good times and musicfest.

We are excited to offer businesses, like yours, advertising opportunities at Bonifest to increase your exposure to our visitors and drive traffic through your doors. The Diamond level sponsorship provides you with the most presence possible:

- Your logo will be prominently displayed on the Main Stage banners, flyers and posters circulated throughout the community.
- Links to your website will be added to the Bonifest website www.bonifest.com – the destination for everything Bonifest!
- Your business will also be added to our facebook page giving you visibility and exposure to our facebook friends!
- You may also request to be an advanced discount ticket retailer which will drive customer traffic to your business to get their tickets early! Simply contact Michael Wall at 618-656-6450.

So get your business some positive talk in the community and join us for another great year at Bonifest! Simply return the enclosed donor card today.

If you have questions, please **contact the parish office or Michael Wall** at 618-656-6450 or email mwall@st-boniface.com for more information.

Thank you again for your continued support and consideration,

Very Rev. Jeffrey Goeckner
St. Boniface Catholic Church
Pastor

Michael Wall
St. Boniface Catholic Church
Development Director
